

## Closing cap

Stainless steel 1.4408

### STAINLESS STEEL

Art. No. 118696

Type No. VKRP114ES4408SK

Exemplary illustration

### Technical data

|                       |                        |
|-----------------------|------------------------|
| Max. working pressure | 20 bar                 |
| Thread                | Rp 1 1/4               |
| L1                    | 23.7 mm                |
| a/f                   | 46 mm                  |
| Thread form           | parallel female thread |
| Standard thread       | DIN EN ISO 7-1         |
| Version               | Hexagonal              |

From thread size of 1 inch, we recommend using an adjustable open-end wrench.

To ensure a proper sealing of the cylindrical threads (G) and tapered threads (R/Rp) we recommend using a suitable sealant (e.g. hemp, sealing tape or suitable industrial adhesive).

### Commercial data

|                         |                          |
|-------------------------|--------------------------|
| Customs tariff number   | 73072910                 |
| Country of origin       | CN                       |
| eCl@ss 5.1.4            | 22360607                 |
