

For »variobloc« series, Size 1, G 1/4 and G 3/8.

Protective metal cages are used to protect condensate bowls from damage and other external influences. They are attached to the plastic bowls and have cut-outs to keep an eye on the amount of condensate in the plastic bowl.

#### TECHNICAL DATA

Size	BG 20	BG 30
Connection	G 1/4	G 3/8
Material	Steel	
Surface	powder-coated (epoxy-polyester)	
Colour	black satin (RAL 9005)	
Durabilities	Oil, grease, standard cleaning agents	
Weight	27.4 g	
Outer diameter	Ø 37.60	

#### DIMENSIONS

Size	BG 20	BG 30
Connection	G 1/4	G 3/8
A	90	90
B	35.20	35.20
C	37.60	37.60
